Appendix A - Action Plan.

Previously updated: 16/7/20, 24/8/20, 28/10/20; 05/01/21; 07/01/21

This plan has been updated to take into account the National Lockdown announced on 5th January 2021 by the government.

[National Lockdown – 5 January 2021 - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/news/national-lockdown-5-january-2021)

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/950510/School_national_restrictions_guidance.pdf

The information contained in this plan has been completed following a full Health and Safety risk assessment having been completed, taking into account the guidance issued by the DfE, and in consultation with other appropriate stakeholders. It has then been agreed by the Vine Schools Trust. The full risk assessment has been published on the school website. Updates will be made as guidance is changed.

All safety measures have been considered and put in place where appropriate, in line with the government guidance. The safety of everyone at school is paramount and these plans will be constantly reviewed with any changes being communicated to all necessary parties.

Only children of critical workers or vulnerable children are allowed to attend school during the lockdown period. This has reduced the numbers of pupils on site. Remote education will be provided for all children.

Drop off will be from 8.30 am to 8.40am and collection at 2.45pm. KS1 will use the left hand entrance, KS2 will use the right hand entrance.

Arrivals

- **Any child displaying symptoms of Covid-19 on arrival at school will be asked to return home and follow government guidance for next steps (see Appendix B)**
- Reference to the 'left' and 'right' gates are as you face the front of the school from the road. Parents/carers are respectfully asked to ensure they are only on the school site at the allotted timeslots, and have only one parent/carer bring their child onto the school grounds, in order to ensure a smooth start to the day.
- No parents/carers will be allowed beyond the second set of gates.
- An 'outside office' will be set up outside the main entrance – all visitors will be directed to use the doorbell and office staff will then come to them. All visitors beyond the main entrance will be required to leave their contact information should Track & Trace be needed.
- It is recommended that all public transport to arrive at school is avoided.
- All children will enter the school via their outside classroom doors, with the exception of Year 4, who will use the side door.

No parents/carers/ visitors to enter school premises beyond the gates. Entry will only be permitted via main office, with appropriate protective measures being used when in school i.e. only entering 'bubbles' where absolutely necessary. All visitors beyond main entrance will be signed in, including contact details in case of Track and Trace need.

- Face coverings will be worn by visitors entering on to the school grounds, subject to individual exemptions on health grounds. Social distancing of at least 2m will be maintained between visitors and staff when dropping and collecting children at school
- Staff will wear face coverings when supervising at drop off and collection times

Breaktimes

- Staggered, in order to ensure no more than 2 'bubbles' are on the playground at any one time. Updated 06.01.21: Reduced numbers on site during lockdown mean that CWV bubbles can be accommodated on the playground areas maintaining separate bubbles, without staggered timings over lunch time. This will be reviewed in the case of increased numbers of pupils being on site.
- It is hoped that the field will also be available for as many breaktimes as possible, but this will be weather dependent.
- During poor weather, bubbles will remain in their classrooms with their teacher and/or support staff.
- ☒ Playtime equipment will be held by each specific bubble within their classroom, will be thoroughly cleaned after use and not shared with other bubbles.

Lunchtimes

- Staggered, in order to reduce contact between bubbles as much as possible. Lunches will be eaten in the separate bubbles either in the classroom base for the bubble, or in the main hall.
- Tables and chairs will be thoroughly cleaned before, between and after sittings for lunches.
- All classrooms will be cleaned at lunchtimes, after the children have eaten, including the emptying of bins and wiping of tables and other regularly touched surfaces.
- School dinners will be provided to all those ordering them as usual (via SchoolMoney) – the eating of school dinners across the school is encouraged. Free School Meals (to those entitled across the school) and Universal Free School Meals (all KS1 children) will continue.
- Menus will be available weekly via the school newsletter and will always be on the school website.
- Children may bring their lunch in plastic lunchboxes, which will be kept in classrooms, although disposable bags are recommended in order to reduce potential for spread of COVID-19 between school and home.

Departures:

- Children will be brought to their respective gate at their allotted time. Lime paint, chalk and posters will be used to show correct gate usage and to show waiting zones.
- One parent/carer only to be asked to collect their child, leaving the premises immediately after doing so.
- Parent/carers should not enter the school premises until their allotted time.
- Parents/carers should wait in the allotted zones in the car park, maintaining social distancing with others.

Attendance

- Only children of critical workers and vulnerable children are permitted to attend school. The school national restrictions guidance states that: “Parents whose work is critical to the coronavirus (COVID-19) and EU transition response include those who work in health and social care and in other key sectors. Children with at least one parent or carer who is a critical worker can go to school if required.”
- A booking system for places will be in place via the School Office. Once a place has been confirmed, any changes to requirements must be communicated to the School Office by 12.00pm each Thursday
- Parents/carers will be required to notify school of any illness absence in the usual manner – telephone call before 9.10am. If this is related to COVID-19 this must be communicated.
- It is anticipated that there will be a number of children who will be nervous about returning to school – additional adult support will be available on the gates during the first few mornings in order to help support children into their classrooms. A government recommended e-book is available to help parents/carers discuss returning to school with their children – the link for this book has been sent via Clasdojo.
- Should there be a need for children to remain at home due to government or local guidance, remote education will be provided by class teachers.

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/950510/School_national_restrictions_guidance.pdf

Teaching & Learning

- Remote Education will be in place for all pupils as required under the national lockdown legislation
- Class Teachers are responsible for planning and communicating details of all remote learning for their class
- Remote learning will be communicated via the Class Pages of the school website, Class Dojo and whole school communications sent from the school office via Teacher 2parent.

Classroom organisation

- Classrooms will have forward facing tables in rows.
- All children will have their own stationery kept in a pencil case (all to be supplied – no pencil cases should be brought in from home) and should not be shared with others.
- Handwashing stations, available in classrooms, will be used regularly by children and staff.
- All soft toys and furnishings will be removed from classrooms.
- Where ‘hard’ toys and equipment / directed workstations are used, these will be cleaned thoroughly after each use.
- Classrooms to be well ventilated at all times (open doors and/or windows). Windows are opened before school, lunch and after school to improve ventilation/increase dilution of any build of anything in the air that is unwanted. For this reason, please be aware that it may be necessary to dress appropriately to allow for any changes in room temperature caused by this.
- In order to further reduce the possibility of the spread of the virus between home and school, children are asked not to bring any other items into school, including stationery, show and tell items etc.
- Library / reading books will be taken home daily and where possible, children will complete their own reading records, in order to reduce adults in school coming in to contact with the record books. When library / reading books are completed their covers will be cleaned and they will be quarantined for 24 hours before being returned to the library / phonics shelves.

Hygiene / cleaning.

- Hygiene stations will be available in all classrooms, including a constant supply of soap, hand sanitiser, paper towels and tissues.
- Families to be asked to wash their hands before leaving home.
- Children to be reminded to wash their hands regularly, and particularly after sneezing or coughing.
- Hand sanitiser available at key areas throughout the school.
- Covered bins in all classrooms, which will be emptied at lunchtime and after school, and double bagged.
- Cleaning of equipment, desks, door handles, toilets, sinks etc will be undertaken throughout the day and after school. ‘Deep clean’ completed on Fridays.
- Any equipment used by groups will be kept by that group throughout and will be thoroughly cleaned at the end of each day.
- Children to be reminded of ‘catch it, bin it, kill it’ regularly.
- Reminder posters to be displayed around the school.
- Allocated toilets / times to use where possible – wholeclass to go to avoid any mixing in corridors.

Uniform / PE Kit

- Wear clean clothing each day; therefore, non-uniform may be worn during the period of lockdown, if this helps to ensure that pupils have enough changes of clothes.
- Windows are opened before school, lunch and after school to improve ventilation/increase dilution of any build of anything in the air that is unwanted. For this reason, please be aware that it may be necessary to dress appropriately to allow for any changes in room temperature caused by this

Behaviour

- The behaviour policy has been reviewed and parents of any child who is demonstrating behaviours that affect the safety of any staff member or other children, will be contacted to arrange appropriate actions, in line with updated policy (see Appendix C).

Illness.

- Where a child is showing any signs of illness, they will be sent to the designated area of the music room and parents will be contacted for immediate collection. Staff supporting these children will be required to wear PPE (i.e. face masks, goggles, aprons and gloves).
- Further advice will then be given to parent/carer of that child, as outlined by the government guidance. This will include arranging a test (which may be supplied by school depending on stock held), and isolating the child and the rest of the household until the results of tests are known.
- Parents/carers will be expected to fully comply with the Track & Trace programme where a positive test result is given.
- Other parents/carers of children within that child's bubble may be notified in line with current government guidance, and that given to school by Public Health England, following a positive test result.
- Any medical equipment, such as inhalers, epi-pens, medication etc will be kept in classrooms.

Safety / Safeguarding

- Health and safety compliance checks will be completed in advance of opening, as usual.
- Safeguarding / finance issues at home – staff to be aware. Parents/carers to be encouraged to talk to a staff member of their choice, in confidence, where they have concerns.
- Not possible to split corridors or make them one way – adults will accompany children in the rare instances when they will need to be in corridors.
- Any safeguarding concerns to be communicated to safeguarding leads in the usual manner

Clubs

- Clubs will not take place until further notice.

All of the above information is under constant review, and is subject to change based on government and/or local guidance received.
