

Rolph Church of England Primary School and Nursery Communication Flowchart

As a school, we value the communication that we have with our parents and the support that it provides in developing our pupils. The flowchart below has been designed to support effective communication between school and our families. It is a tiered approach that aims to support both parents and staff and the opportunity to resolve issues efficiently and effectively. We endeavour to deal with any queries or concerns as quickly and as effectively as possible. However, there are occasions where staff roles determine that immediate correspondence is not possible, but please be assured that they will get back to you within a realistic timeframe.

Tier 1		
Tier 1 should always be used as the first point of contact between families and school. The table below clarifies whether the communication requires the attention of your child's class teacher or if the school office is more appropriate.

We appreciate that these lists are not exhaustive. If you are unsure of who to contact to help deal with your issue/concern, please contact the school office in the first instance. They will take some details from you and arrange for the most suitable person to get back to you.

Tier 2

If further support is required, the following members of staff are available to support in their specific areas as detailed below. Either a teacher, parent or a combination of the two can request a conversation/meeting with the member of staff most closely related to the nature of the concern. Again, these requests can be made through the school office or via the teacher with whom the original concern was raised.
