

Reception

Autumn 1

I wonder, what makes me special?

This half term, we are going to be exploring everything that makes us unique and special. We will begin by sharing everything about us as a person, moving onto learning about our families, before looking at how we fit into the school community and then the wider community. We will hopefully have some visits from 'people who help us' to help us think of those in our community who are always there for us and hopefully inspire us for the future! We will also explore our different emotions and how we can cope with these in class.
