

Reception

Spring 1

I wonder, what happened once upon a time?

This half term, we are going to begin by looking at how the seasons have changed. We will be focusing on how winter has affected our local environment, using our senses to explore outside. We will then move on to learn about Arctic animals and how they adapt to suit their habitat. From here, we will look at a different fairy tale each week. We will immerse ourselves in the stories, trying to bring them to life within our class-room. We will particularly focus on our mapping skills, trying to map each fairy tale.

Key Vocabulary

Winter	The coldest season of the year.
Senses	Sight, smell, taste, hearing and touch.
Arctic	The region around the North Pole.
Habitat	The natural home or environment of an animal or plant.
Fairy tale	A children's story about magical and imaginary beings and lands.
Map	A symbolic representation of selected characteristics of a place, usually drawn on a flat surface.

Our Key Text...
