

Reception

Summer 2

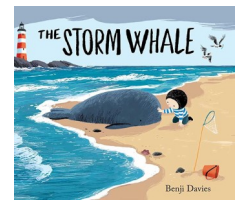

I wonder, what lies within the waves?

This half term, we are going to be exploring about what happens at sea. We will be locating the different seas and oceans, and learning what animals and plants live among them. We will also be thinking about why recycling is important and how this links to the ocean; looking particularly at littering and pollution. We will also be looking at stories of Pirates and Mermaids, learning about their life among the waves.

Key Vocabulary

Ocean	A vast body of water that covers 70% of the Earth's surface.
Sea	Located where the ocean and land meet.
Coral Reef	A ridge of rock in the sea formed by the growth of coral.
Fish	A cold-blooded animal with fins and gills that lives underwater.
Rockpool	A pool of water among rocks, usually found on the shoreline.
Pirate	A person who attacks and robs ships at sea.
Mermaid	A mythical sea creature with the trunk of a woman and tail of a fish.
